Executive Summary

Cloud and DevOps Engineer with 2 years of experience in cloud infrastructure, automation, and CI/CD. Seeking opportunities to enhance skills and contribute to business growth.

Professional Experience

Fintuple Technologies

Cloud and DevOps Engineer - October 2023 – Present

- Started as an intern in October 2023 and transitioned to a full-time role in April 2024. Contributed to building pipelines and gained hands-on experience with Azure DevOps pipelines.
- Designed and maintained **CI/CD pipelines in Azure DevOps, Jenkins and GitHub Actions** for Java (Spring Boot), Angular, Next.js and Nest.js achieving **zero-downtime deployments** and reducing deployment failures by **95%**.
- Managed **Azure Kubernetes Service (AKS)** clusters, implemented **Ingress Controllers with NGINX**, and ensured **99.95% uptime**.
- Automated AKS cluster scaling and lifecycle tasks (shutdown/startup) using Azure Automation, leading to 30% monthly cost savings.
- Configured **RBAC in Microsoft Entra for Azure**, improving security posture and simplifying access management.
- Deployed containerized applications using **Azure Container Registry (ACR)**, maintaining consistent images across **4 environments** (DEV, QA, UAT, and PROD).
- Troubleshoot deployment and infrastructure issues across **Kubernetes, pipelines, and Azure resources**.

Technical Skills

Operating Systems	: Linux, Windows
Build Tools	: Maven, NPM
Continuous Integration Tools	: Jenkins, Azure Pipelines, Github Actions
Application Server	: Apache Tomcat
Version Control System	: Git, GitHub, Azure Repos
Scripting	: Shell Scripting, Batch Scripts
Repository Management Tools	: Nexus, Azure Artifacts
Quality Management Tools	: SonarQube, Trivy, NPM Audit, MendBolt, Snyk, OWASP ZAP and Burp Suite
Monitoring Tools	: Prometheus, Grafana
Configuration Management Tools	: Ansible
Cloud Platforms	: AWS, Azure
Containerization Tools	: Docker, Docker Compose
Container Orchestration Tools	: Kubernetes, Docker Swarm
Web Server & Load Balancer	: Nginx, Ingress Controller, ALB
Infrastructure as Code	: Terraform
Endpoint Management Tool	: Microsoft Intune
Web Technologies	: HTML, CSS, Bootstrap, JavaScript

Projects

Cloud-Native Application Deployment for a Leading BFSI Client (Azure)

- Designed and maintained **CI/CD pipelines in Azure DevOps**, integrating automated builds, tests, and deployments for microservices.
- Automated infrastructure tasks using **Shell scripts** and **Batch scripts**, reducing manual interventions.
- Deployed applications on **Azure Kubernetes Service (AKS)** using **Docker** and **Docker Compose**.
- Configured and managed **NGINX Ingress Controller** for secure routing and high availability.
- Integrated **SonarQube**, **Trivy**, and **MendBolt** into pipelines to enforce security and compliance standards.
- Managed artifacts using **Azure Artifacts** and version control with **Azure Repos**.

Cloud-Native Application Deployment for a Major BFSI Client (AWS)

- Containerized applications with **Docker** and deployed them on **EKS (Elastic Kubernetes Service)**.
- Implemented traffic management using **AWS Application Load Balancer (ALB)** instead of Ingress Controller.
- Built and managed **CI/CD pipelines with GitHub Actions**, integrating quality and security scans using **SonarQube**, **Trivy**, **OWASP ZAP**, and **Burp Suite**.
- Managed repositories using **Nexus** and source control with **GitHub**.

Internal Projects

- Automated deployments of **Java (Spring Boot)**, **Angular**, **Next.js** and **Nest.js** applications through **GitHub Actions** and **Azure Pipelines**.
- Deployed containerized applications to **Azure Container Apps**, enabling scalable and serverless container workloads.
- Conducted container vulnerability scans and dependency checks using **Snyk**, **Trivy**, and **NPM Audit**.
- Managed multiple projects in one Azure DevOps Organization.

Academic Profile

2019–2023	B.E – Electronics and Communication Engineering Hindusthan Institute of Technology, Coimbatore. CGPA: 8.3
2017–2019	HSC Narayana Junior College, Nellore. CGPA: 9.25
2016–2017	SSC Ratnam High School, Nellore. CGPA: 9.3
